GREAT EUROPEAN TVR EXHIBITION & MEETING

What could be better than holding this event at Germany's most famous motorsport arena, the Nürburgring, and then at the same time as the Oldtimer Grand Prix.

In the infield of the Grand Prix circuit we will compile the timeline of all TVR models in a huge area. We hope that every model from the TVR No.2 to the Sagaris can be seen. We will also present the modification and race cars and have a special exhibition of the prototypes. Les Edgar is also invited with the new Griffith.
